Foo Foo Rah - June 2020 - Cancelled

March 18, 2020

Dear Past Shooter,

After much consideration and discussion with Past Shooter Board members, I am sending this email to let you know that the 2020 Foo Foo Rah will be cancelled. The President of Water for Wildlife and The One Shot Hunt Club are also in agreement.

President Trump advised, in his statement this week, to avoid gatherings of more than 10 people. Many of our members are in the higher risk class due to age and/or underlying medical conditions. There may also be potential liability for holding events under these conditions. Some of our members are unwilling to fly until things are sorted out. Further limitations on travel and assembly may be forthcoming.

If you know a Past Shooter who may not have an e-mail address or may not use computers, I ask you to reach out and let them know of the cancellation.

Additionally, the office will post notice of the cancellation on the Past Shooter website.

Keep well and stay safe!

Sincerely,

John Shipper

President
